Stefan Balog
President, "Inter-Art" Foundation, Aiud

A new year, another exhibition, a new hope. Last year we started with joy and hoped that miracles do exist. Unfortunately, reality convinces us that the life is cruel and there are a lot of places in the world where the sun rises sadly, there are countries in the world crushed by suffering and sadness. For those countries, for the children living there, only hope remains...

We therefore dedicate this exhibition to all children who need hope for a happy and peaceful future.

Ioan Hădărig
Manager, "Liviu Rebreanu" Multicultural Center Aiud
Art Director, "Inter-Art" Foundation, Aiud

The Inter-Art Foundation Aiud proposes,within the fourth edition, an intercontinental art exhibition which brings together the works signed by 109 children from 23 countries and which opens up a universe of values and life through children's eyes, just like last year's project with the title "Joy". The proposed theme for 2023 is "Hope".

Hope is and must remain one of the basic elements of life and the works exhibited at the Inter-Art Galleries Aiud invite adults to a moment of artistic dedication. Through every work done by a child, hope defines the future of the planet.

the "inter-art" foundation aiud

The „Inter-Art" Foundation was set up in 1996 and proposes an alternative approach to contemporary art, as a link between civilizations and cultures, opening a worldwide arena for contemporary artists thanks to his active founding members Ștefan Balog, Ioan Hădărig, Robert Lixandru and those who have joined them over the time in coordinating projects: Zoltán Balog, Elena Cristea and Andrei Bakó. The basic principles and purposes are: representing contemporary art, discovering an area of cultural interference between artists from Romania and around the world and the organization of an international art camp in Aiud which aims to bring a new perspective to the contemporary art scene each year.
