## the “inter-art” foundation aiud

**The „Inter-Art” Foundation** was set up in 1996 and proposes an alternative approach to contemporary art. It functions as a link between civilizations and cultures, opening a worldwide arena for contemporary artists thanks to his active founding members Ștefan Balog, Ioan Hădărig, Robert Lixandru and those who have joined them over the time in coordinating projects: Zoltán Balog, Elena Cristea and Andrei Bakó. The basic principles and purposes are: representing contemporary art, discovering an area of cultural interference between Romanian artists and artists around the world and the organization of an international art camp in Aiud which aims to bring a new perspective to the contemporary art scene each year.

**The international art camp from Aiud** was created in 1996 at the initiative of fine artist Ștefan Balog and gathered in 23 editions over 310 artists from 66 countries. The studios (painting, graphics, engraving, sculpture, installations) exhibitions and symposiums have contributed to making this camp one of the most important in the world. For 10 years, an International Youth Creative Camp was also organized. This camp was designed for young people between the ages of 12 and 16 and brought together over 160 young artists from 9 countries.
