I am extremely happy that this initiative is taking shape more and more firmly and is established as a constant project of the Inter-Art Foundation. An event with and for children from all over the world, a moment of friendship without borders, hatred or division. Their joy is also our joy.

Stefan Balog
President, "Inter-Art" Foundation, Aiud

This exhibition, featuring works created by children from all around the world, offers an exploration into a unique cultural space where important values are represented by the connection between community and nature. The elements of a city shaped by a child's imagination create a universe of stories and images.In the world we live in, children's artworks represent an open and dynamic artistic perspective...

Ioan Hădărig
Art Director, "Inter-Art" Foundation, Aiud

"My town" was more than an exhibition — it was a bridge between worlds, a colorful dialogue between 125 children from 24 countries. Each drawing opened a window into another culture, another soul. I'm glad to have been part of this project and hope such initiatives will continue to inspire and give voice to young artists.

Robert Lixandru
General Secretary, "Inter-Art" Foundation, Aiud

„My town" is more than just a place on the map – it's the space where children's dreams grow, where every street, building or park tells a story. Through this intercontinental exhibition, we are happy to offer children from all around the world the chance to express their vision, creativity, and love for their city. We invite you to discover, through their eyes, a world full of color, diversity, and hope.

Zoltán Balog
Vice President, "Inter-Art" Foundation, Aiud

the “inter-art” foundation aiud

The “Inter-Art” Foundation was set up in 1996 and proposes an alternative approach to contemporary art, as a link between civilizations and cultures, opening a worldwide arena for contemporary artists thanks to his active founding members Ștefan Balog, Ioan Hădărig, Robert Lixandru and those who have joined them over the time in coordinating projects: Zoltán Balog, Elena Cristea and Andrei Bakó. The basic principles and purposes are: representing contemporary art, discovering an area of cultural interference between artists from Romania and around the world and the organization of an international art camp in Aiud which aims to bring a new perspective to the contemporary art scene each year.
